TIMETABLE 1995

Special Events 1995

Steam & Diesel Gala Day Sunday 11th June 1995

A great day out for all enthusiasts - and for the family as well. All available engines will be operating an intensive service throughout the day. There will be a good selection of trade and publicity stands, a chance to look behind the scenes and talk to the people who run the Bure Valley Railway, a model railway display, and at least one visiting 15" gauge locomotive.

Friends of Thomas the Tank Engine* Sunday 21st May & Sunday 9th July 1995

The Fat Controller so enjoyed his trip to the Bure Valley Railway last year that he has decided to visit us again in 1995. 'Toby' the tram and the troublesome trucks will be giving rides at Aylsham Station while all our other really useful engines will be working hard to keep to time on the main line. As well as the trains there will be side shows, Punch & Judy, clowns, a bouncy castle, competitions, a film show, face painting, a model railway and so much to see and do that you had better come early and be prepared to stay till late!

Bus and Vintage Vehicle Rally Sunday 3rd September 1995

Our second Bus and Vintage Vehicle Rally will see a good selection of vehicles together with sales and publicity stands on display in the car parks at Aylsham and Wroxham Stations. As well as the static exhibits we are hoping to be able to offer two special bus services in conjunction with the Rally. The first will be an open top tour from Aylsham Station, while the second will be a vintage coach link between our stations at Wroxham and Coltishall via the attractive Coltishall riverside.

A special intensive train service will be in operation during the Rally.

Timetables and further information about all these events will be available from the BVR approximately one month prior to each event.

Santa Specials 1995

Our Santa Specials have become an integral part of many families pre Christmas celebrations.

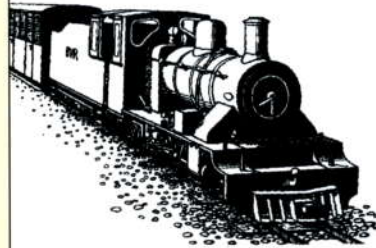

Your Christmas treat starts when you join one of our express trains at Wroxham Station. Specially heated carriages keep out the winter chills during the 45 minute journey to Santa's Grotto at Aylsham. As you alight from the train Father Christmas will arrive to meet you in his own railway sleigh. Every child will receive a special present from Santa himself, and all the family are invited to partake of seasonal refreshments in our festively decorated coffee shop before rejoining the train for the return ride to Wroxham.

All seats on the Santa Specials must be pre-booked, and bookings open in early August. If you would like to be sent a booking form then please send a stamped self addressed envelope marked 'Santa Specials' to the address shown on the back of this leaflet.

As well as providing both practical and financial assistance to the management and full time staff of the Railway, 'The Friends' also produce a quarterly magazine which is distributed free to members keeping them in touch with what is going on at the BVR. Alternatively you may like to consider investing in the Railway's future by becoming a shareholder. For more details of either of these schemes please telephone the BVR on 01263 733858.

The Bure Valley Railway

Built on the abandoned trackbed of the historic East Norfolk Railway's Wroxham to Aylsham line, the 15" gauge Bure Valley Railway is fast becoming one of Norfolk's most popular tourist attractions.

The nine-mile long line runs through some of the county's most scenic and unspoilt countryside on a 45 minute journey from the bustling market town of Aylsham to the 'Capital of the Broads' at Wroxham. In between there are three smaller stations at Brampton, Buxton and Coltishall where the guard will gladly arrange for you to alight or be collected.

To pull the trains the Bure Valley Railway has assembled a unique collection of narrow gauge steam and diesel locomotives, including two of the most powerful engines ever built to run on this type of railway. These two locomotives are half scale replicas of the 2-6-2 ZB class tender engines built in Britain by Bagnall for use on the narrow gauge railways of India. Introduced in 1994 both of these engines have now become firm favourites with our visitors.

Our carriages have all been built to a very high standard with passenger comfort and safety very much in mind. Large windows offer uninterrupted views out across the Norfolk countryside, and the design of the coaches ensures that you get one of the best rides of any narrow gauge railway in Britain.

Aylsham Station is the headquarters of the BVR complete with all of the workshops, locomotive sheds and other offices needed to operate this busy railway. For visitors there is a large station car park, an 80 seater café, a well stocked souvenir shop, a picnic area and a Tourist Information Centre.

At Wroxham our station is adjacent to the British Rail station served by the main line between Norwich, Cromer and Sheringham. There is a large station car park and a small shop selling souvenirs and light refreshments. The station is conveniently situated a short walk from the centre of this popular Broadland town.
