River Trips with The Thomas Harbour Water Taxis

Why not enjoy a relaxing and peaceful river trip with Thomas Harbour Water Taxis along the Western Yar Estuary.

See the wide range of wading birds and wildfowl that are specially adapted to life on the mudflats and salt marsh as you slowly cruise along the river. If you are lucky you may even catch a glimpse of the kingfisher darting along the riverbank.

So if you have half an hour to spare just pop along to the lifeboat pontoon

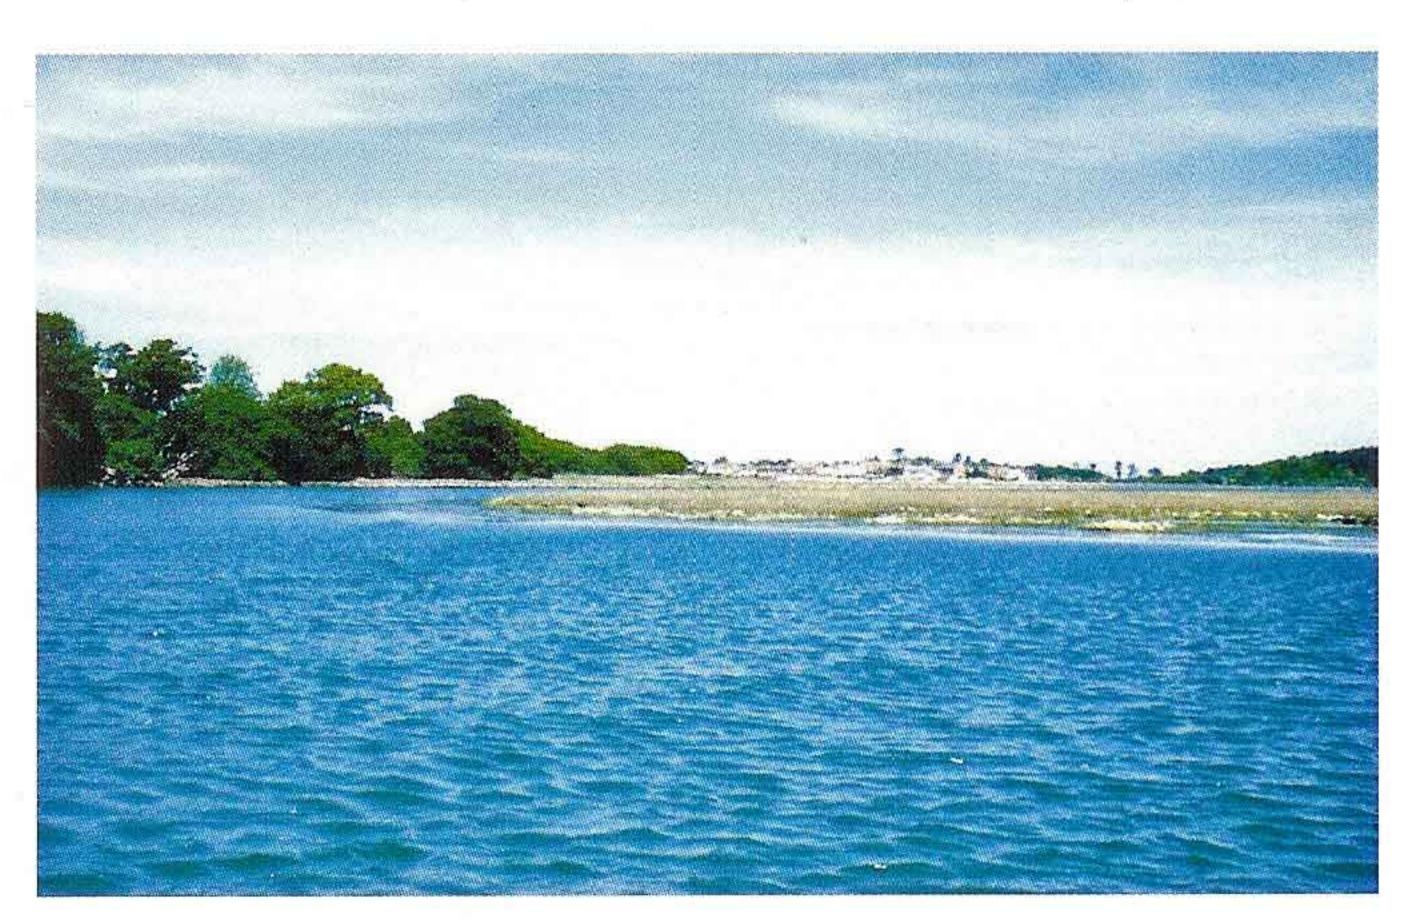

on the hour and half hour where one of our boats will be waiting.

Call 01983 760766 to book a trip.
